Cirriculum Kit Program

For the 2020-2021 school year, the STEM in Motion team would like to introduce our new Curriculum Kit Program. This program brings high-quality STEM resources directly to you without having our staff there in-person. Teachers can choose from 10 different kits to check out for free for a two-week period. These kits come with everything you need for students to have immersive and hands-on experiences with STEM with topics including: robotics, renewable energy, Mars exploration, coding and many more! For more information, please email us at <a href="mailto:steminmotion@utah.gov">steminmotion@utah.gov</a>, or to get on our

interest list and begin the reservation process, please fill out this form: SIM Curriculum Kits Interest Form

Due to ongoing safety concerns related to the COVID-19 pandemic and changes to 2020 school schedules, STEM Fest will not be taking place as an in-person event this year. However, our team is committed to ensuring Utah students have access to quality STEM experiences and is currently working on plans to bring STEM Fest 2020 to your
